you've got questions?

### how do we choose a professional photographer?

Don't trust your portraits to anyone but a Professional Photographer. Mark is a Master Photographer, and is Certified by the Professional Photographers of America in Senior Photography. He has also earned the degree of Craftsman Photographer. Certified Professional Photographers have passed a comprehensive examination measuring their technical expertise and submitted photographs to a National Judging Panel for review.

### do we have to go to the school yearbook photographer?

Absolutely not! Schools sometimes hire a contract photographer to cover school events, sports & yearbook. They may even require you to use the "official photo" for the yearbook. But this does not mean that you have to buy them. You are free to go to the photographer YOU want for your Senior Portraits. And many schools will now accept a photo from your photographer too. Prestige will provide you a photo to put in the yearbook at no charge with any portrait purchase.

### when should we schedule the portrait session?

Most (but not all) Senior Portraits are taken in the summer before Senior Year, or just after school starts. This ensures that your school's yearbook deadline is met, and that you get the prime time slots, before we get too busy! This is especially important if you want to have portraits taken outdoors while the weather is great! We usually offer session specials in June and July, But after that, our time is at a premium!

### which session is right for me?

Our sessions are customized to meet your every need. We offer indoor, outdoor and a combination of the two. There's a session just for yearbook, too! You can bring props, pets or your best friend to be in a portrait with you! And there is a lot of flexibility with outfits, too.

### what should I wear?

The best outfits are the simplest ones. We know you want to wear your favorites, but keep in mind that the focus of the portraits is YOU, so stay away from busy patterns, plaids, stripes that take attention away from you. Solid colors are best!

You may want to go for a range of styles, from casual to dressy, to give you the most variety. Just be sure the fit is flattering to you. Oversized clothing and skin tight outfits do not show you to your best advantage. Choose colors that compliment your skin tones. Pay careful attention to your undergarments, to avoid straps showing and unsightly lines.

Don't forget about your shoes and socks. Make sure that they also compliment the outfit. Be sure your outfits are pressed and wrinkle free.

Don't overdo the sun or the tanning beds. Too much sun can make your skin look unnatural. A healthy bit of color is all you need.

we've got answers!

### when can we see the portraits?

Before you leave from your session, we will schedule a View & Choose appointment to come back and see your portraits. We will show you the images on our big screen. There is no charge for this appointment, and everyone who will be involved in the decision making should be present. You will be placing your portrait order at this appointment. Due to our busy schedule, we can only offer one View & Choose appointment per senior. There will be a fee to reschedule. To best facilitate the previewing and ordering process, we ask that you leave small children at home and that cell phones are turned off during the appointment.

The presentation is fun and exciting, with your portraits presented on our big screen so you can best judge your expressions. Our trained staff will help you with your decisions about sizes and frames.

### what about frames?

The wall portrait in any package is framed with your choice from our Senior Portrait Frame Collection. You may upgrade the frame for an additional fee. Prestige also offers 20% off any additional frame purchases. Portraits framed by Prestige carry a lifetime guarantee.

### what is your payment policy?

Prestige accepts major credit cards, personal checks and cash as method of payment. All Senior Portrait Sessions are paid in advance. You must make this payment on the phone with a credit card, or drop a check within 48 hours to reserve the appointment.

At least 50% of the total portrait order will be due at the View & Choose appointment, with the remaining balance due when the portraits are ready for delivery. We also offer optional payment plans. Orders not picked up within 14 days are subject to a 1.5% service fee. All Portrait Purchases are subject to WV sales tax. No part of any order, including DVD Video Presentations and yearbook photos, will be delivered until the balance is paid in full or a signed payment plan has been accepted.

### how much do senior portraits cost?

Whether you need a few or a lot of portraits, you will be pleased with our prices. We offer several packages to meet every need and budget. Our packages are designed to save you money over the A La Carte Price list. You may purchase a specially priced package, or you may choose just the sizes and quantities you need from the A La Carte List. Wallets may be added in any quantity. Some will spend hundreds, while others will spend thousands. The choice is yours!
